Bible Reading Plan Explanation (Plus Edition)

This 12-month Bible reading plan from The GraceLife Pulpit seeks to accomplish the following objectives.

1. This schedule will take you through the entire Bible, including Proverbs five times and the Psalms twice. The repetition helps you appropriate the daily wisdom of the Proverbs and the spiritual intimacy of the Psalms over time.
2. This schedule alternates between the Old and New Testaments to keep the person of Jesus Christ prominent in your reading over time, as opposed to several consecutive months of only Old Testament reading.
3. This schedule is attainable. It varies the length of the assignments to provide weeks where some “catch-up” is possible if you fall behind. Some Old Testament books are divided into two weeks where experience has shown it’s easy to get bogged down.
4. This schedule is based on weekly rather than daily readings to eliminate the sense of pressure that comes if you miss an occasional day. You don’t feel like you’re behind schedule . . . because you’re not. It gives room for the natural ebb and flow of life.
5. The months are numbered rather than named to give flexibility for your start date. The blanks next to the weekly assignments allow you to record your completion date and thus keep track of your progress.

God’s Word is always fruitful in the lives of those who devote themselves to it (Isaiah 55:8-11). So seek His blessing as you pursue this plan. Enjoy what lies ahead!

Warmly in Christ,
