**Godly Men of Idaho:  
A Statement from Godly Men Regarding  
Every Unwanted Child Threatened by  
Abortion in Idaho Currently and In the Future.**

a favorable statement in response to the introduction of **the Idaho Abortion Human Rights Act** of 2019

---

To the Elected Leaders of the Great State of Idaho,

This letter is an appeal from the undersigned men regarding the crucially important issue of life and abortion facing our state. We passionately support the introduction of the [Idaho Abortion Human Rights Act](#) by Representatives Heather Scott and John Green. We respect the structure, running, and constitution of our state government and thereby appeal to you on behalf of the unborn children of our land.

We, the undersigned men, take joy in uniting to defend those who are most vulnerable, those who have no voice, and those whose liberties have been most violated. We seek equal rights under the law for unborn children regardless of class, gender, ethnicity, or quality of life.

Today, we affirm that life begins at conception and that no other man or woman may determine the value of another's. We affirm that no human has the right to end another's life based on that humans size, level of dependency, environment, or any other reason not limited to but including inconvenience or hardship caused by that life. Idaho code states that the intentional taking of another life is murder. Under no circumstances can this land allow for the lawful murder of another for any reason.

We submit to the authority of the God of the Bible, the author of life and all creation. We avow the equal rights given in scripture, Idaho Law, and natural law for women, men, and children of all ages, young and old. We therefore look forward in anticipation and excitement to hearings regarding the proposed [Idaho Abortion Human Rights Act](#) and are in full agreement with article 1 of the Constitution of the State of Idaho.

**Article 1: Declaration of Rights – INALIENABLE RIGHTS OF MAN.** All men are by nature free and equal, and have certain inalienable rights, among which are enjoying and defending life and liberty; acquiring, possessing and protecting property; pursuing happiness and securing safety.

We again appeal here to our elected leaders regarding the establishment of new laws that will ensure this right be properly applied to every child in the womb. We stand ready to make available homes, care, and protection to every unwanted child threatened by abortion in our land currently and in the future.

We pray that Idaho will be a forerunner for access to life, liberty, and the pursuit of happiness. May God Have mercy on our land and give you wisdom, gentleness, and boldness as you consider the passing of this bill.
