Dearest Eastside,

I'm pleased to greet you today with all my joy fixed on our Redeemer, the Servant Hero. I continue meeting, thinking, praying and considering what to do in this day with John and Mark. We've monitored the situation, like you, weekly, daily, hourly. Things have changed quickly in just the past twenty-four hours.

Wednesday, after the mid-week prayer time, John, Mark, and I talked through what is before us with the "Stay-Home" order from the Idaho Health and Welfare Department via the Governor. Lord willing, the three of us will be at the church house on the Lord's day at 10:30 a.m. and 5:30 p.m. and Wednesday at 5:30 p.m. Lord willing, we will utilize the technology that is available. If you have any questions don't hesitate to ask.

I called the Governor's office on Thursday to clarify what this order means for churches. I am pleased to report that there are no restrictions upon churches. It is recommended that we continue to exercise personal responsibility in regards to space, contact, and cleanliness. Just like we have been.

Also, please know that we have a supply of boxed and canned foods available. As the Lord provides, you can bring food to add to our food bank or receive food if needed personally or for ministry to your neighbors.

Look to Christ today, just like every day!
